Actual Projects: 50 Pts.

Project Portfolio

In the result of a tie the student with the highest project score will break the tie, followed by interview, and then portfolio.

This should be an accounting of the detail involved in planning. Preparation and construction of your project. Items that a Project Portfolio should include are (In this Order):

- I. **Title Page:** Includes Exhibitor Name, Club or Chapter and Project Entered
- II. **Table of Contents**
- III. **Ideas Section:** This would focus on the reason for selecting this project
- IV. **Price Analysis:** Breakdown of Individual Costs and Totals
- V. **Steps and Instructions**
- VI. **Pictures:** This section would include photographs that show the exhibitor in their project experiences. (Maximum of 10 photos) (Maximum Photo Size: 4x6 prints) (Include Captions)
- VII. **Outcome:** This section should focus on the questions:

What have you learned as a result of this project?

Did this project turn out differently that you expected?

What were the challenges that you experienced in this project?
